“The Dinner Bell”

Tonight, you're entering into a second phase of the ministry I have for you. You're going to step up.

You're going to move up, and people will say, “What happened to him? He's not the same guy!” No, because he came out of that phase and is going into his second phase of pastoring...

You're going into your second phase of your pastoral anointing, and my, it's going to be even sweeter. Because when you went in, the foundation had to change. Things had to change, and you would think it would almost have been better to just start a new church from fresh, but you came in, and you've got other foundations, and you've got to move and rebuild and everything but now...now it's time...and now it's time to build because God is going to bring the people to you. You and your wife are stepping into a new dimension for this new era, and the dinner bell is going to sound, and people just driving by your church...and I just felt a drawing to come in...

So as a prophet of God, as a man of God, and as your Spiritual Daddy, I lay my hands on you, and you will walk, and you will step into it. In the name of Jesus.” And Pastor Cody, God wants me to tell you this: You're a good Pastor, and don't let anybody or any other voice tell you otherwise!

“Light”

You’ve been faithful; it’s your time. You’re going to the ‘next level’ and coming up higher! Because of your faithfulness and obedience, what you’re wanting to see happen will happen very quickly, Quickly! This work is not of you, it is of God, and you shouldn’t be afraid to continue on.”

You are a bridge. You’re on a bridge and crossing it. Many are following you from one place to another. Right now, I see a dark tunnel. At the end of the tunnel is light. The light is right there. You’re coming out into this light.

People will be drawn to this light. They will come to see what it is. Young children will come. Youth will come. They will bring their parents. City officials will come. Government officials will come. They will come to see what is happening in this light. They will come to ask you what you’re doing. Light will reach the region and affect many generations—generation after generation.

You have not been this way before. You are not alone in this work. You are not on your own. You’re the leader, the Pastor, but you have a team. He addressed the team and said, You are a team, and God is going to use every last one of YOU. I see you talking it over, and you’re going to be seeking revelation.

“Breakthrough”

It seems like it's not going to work! It's the darkest it's ever been! The sun is coming up! You're in a brand new day! You've been in a transition and trusting God!

I can see the sun coming up on the horizon! Your best days are yet ahead! Walk forward in the name of Jesus Christ of Nazareth! God wants you walking by faith and not by sight! You're on the verge of the biggest breakthrough in the history of this Church!

**“New”**

Pastor Cody, I heard this in my hotel room this afternoon for you... Now you made a decision this week, and now you watch and see what happens. A new freshness is coming upon you; a new anointing is going to come on you, a new flow of finances into your church that you've never seen before...for now, yes, now is the time for you to come into that next realm, that next dimension of your ministry.

“Forward”

From the rubble, even from the seeming ash, great and new things shall arise. Forward my people, forward in faith, forward in my plan for all that I have purposed for these last days shall surely come to pass, and it shall stand. My part for you shall not be moved or not be shaken or torn apart from what Satan will do. For my word declares that where sin doth abound, doth not grace more abound? And it shall be in these last days that, yes, trouble and perilous times will come to this world, but the light shall grow brighter and brighter until it drowns out the darkness. The trumpet shall blast, and I shall receive you to myself to your everlasting home. You shall receive your reward, and it is great, so forward, forward, press ahead, run swiftly, for the time is short.

Pastor Nancy Dufresne

A mantle of wisdom is coming upon you. It's been there in a measure, but it's going to increase, and it gives you a voice. It's going to give you a voice. As you are faithful, that voice will develop and grow, and there's going to be answers, answers not just for the congregation, but there again outside, people, other ministers. People are going to come, and they're just going to sit around you, and you're just going to open up your mouth, and it's going to be the answer of the Spirit for their life, the answer of the Spirit for their life, because you're a Spiritual man, you are a Spiritual man, a Spiritual man. You know answers are in the Spirit. There are no questions in the Spirit realm. Questions are in the natural realm, but answers are in the Spirit. You get in the Spirit, and you step into the flow of answers. You stay in the natural, and you stay in the flow of questions. You're a Spiritual man. You're developing your Spirit, and it's going to become very apparent. It shall come to pass."

“Coming into More”

Now you're coming up, coming up in the things of God in a stronger way, and there shall be, even from this night forward, more of a move of the Spirit, both for you and your wife. For the power of God has come to rest on you, and the power of God is beginning to move you into a new dimension, and you begin to know and to move with the Spirit in a stronger level than you've known heretofore, and a greater dimension than you've moved in the past; for I am anointing you tonight with Fresh Oil and to move in it in the name of Jesus!

“Harvest”

2012, a year of harvest, a year of reaping...harvesting seed sown. For those that have been sowing to the Spirit, 2012 shall be a year of great blessing. For those that have been sowing to the flesh, well, they shall harvest from what they have planted unless they repent and change direction.

But many, many here have sown not to the flesh but in My work and My kingdom, and they shall reap. Yes, 2012 shall be a year like unto what my word proclaims where the reapers shall overtake the sowers.

2012 will be a year of being busy and occupied with picking up the spoils and gathering up the harvest from fields just now putting forth their bounty, so get ready.

There are those around you I've called and beckoned to step up and come into another place of service, of prayer, of honor to help you in this **third phase** of your pastoral ministry, but most have lingered at the door and not pushed past the opposition. Encourage them to press through and not be distracted nor pulled aside, but to enter into that place of supply and support in the Spirit; for I will bless them and use them mightily if they will.

“Angelic Help”

I've given you angels, not only personally in your lives, but I've given you angels over this church, and I'm adding angelic help for both of you, and I (me now) can't tell you specifically how many angels are being assigned tonight, but I know that there's a new assignment, and we release them in faith with the Spirit of God to move in your life and to be activated now in the name of Jesus.

Hallelujah...Hallelujah...And you'll use them and speak forth as you have revelation, and they will begin to respond to your words and respond to your life, and it'll be that way from here on and that you've received additional angelic help in this ministry and in your life personally. We thank you for it, Father, and we receive it in the name of Jesus.

“Greater Measure”

Father, in the name of the Lord Jesus Christ. Lord, today you showed me this, Lord, and I knew that he'd be standing right here. Lord, I knew that he would come forward tonight, and I knew that for one reason you wanted me to share this message, is to stir up not only him but the people of this church.

For you see, you have walked in a measure of this anointing. You have walked in a measure of praying out these mysteries, and the spirit of seeing and knowing has been on you in this measure, but there's a greater measure that it's time, time now for you to step into, and I have graced you from this day to move into this brand new way. It's because as you have been faithful with that that I have given to you that I can take you on into this place and when you get there, you'll know exactly what to do, and you'll find out that the burden will be light and the yoke will easy as you follow my play in this day going in this brand new way. In the name of Jesus!

“Upgrade”

And I'm going to move in your life, saith the Lord, and help you with this building. I'm upgrading you and Pastor Amber today. New money is coming. New projects will be funded, some by the church and some probably from an outside lender, and I'm working on an outside lender, saith the Lord. Like we talked about at Lunch yesterday. That'll help you and give you what you need, but some of the projects will come just by you raising money within this flock, and the flock will change and grow up and come into a new level of maturity and a new level of funds so that this can be funded properly for your future, said the Spirit of God. My angels are out there working on that right now, and this other lender, hallelujah.

You mentioned something to me, I'm talking now in the natural, to me, as your father, about a lender, and the Father said he's working on that for you both to get you the right lender to help you; hallelujah, Praise God!

## “Crossing Denominational Barriers”

Times have come and times have gone, and individuals have said things to you about, well, there is a time, and there is a working of God in your life, and there's a preparation, and there is a season that's up ahead, but I heard the Lord say season's not up ahead the season's right now. I heard the Lord also say it's time for you to begin to cross, and the Lord will do it. You'll not have to do anything; why would we try to have to try to work out something that he does, but you'll begin to cross denominational barriers, and this place, right here, will become a place where there'll be those that'll sit in this room that may not be filled with the Holy Ghost, those that may not necessarily believe in such things but they'll come because there will be a draw. The Lord is going to draw in this town, and there will be individuals that will come here and hear what they need to hear, and their lives will be transformed and the time isn't coming, but the time is now, and the Lord is making a change and a shift in this place, praise the Lord, and from this night forward you'll see that there will be a greater emphasis on demonstrations, not because your Pastor will put the emphasis on it, but because it will begin to happen with you the people when it happens with you the people, that's when we know it's real. Amen

“Mentoring”

And a new phase, a new phase, a new phase...an increase... a spirit, the spirit of prayer...the worship...angels, angels will flow, and even in the time of worship, even in the time of prayer, angels manifested, manifested...their presence will be known...and the people, the people...they'll increase... they'll increase...

Pastor, there will be more that God will send in your ministry so that you will mentor them. Amen. There's more. Hallelujah. There's more coming. That's why you believe in that mentoring, you're doing Mentoring. It's in your heart. Hallelujah...That's the increase, you're going to have more Wisdom in how to Mentor...because it's not too many, Doctor, it's not too many. We can't do everything. Hallelujah, Glory be to God. That's why God gave you this building; there's more coming...increase...is in that phase, the phase of abundance in this church. Glory be to God. Hallelujah...And as they increase, you'll increase. Amen. Hallelujah.

“Next Level”

The church tonight has come up higher, saith the Spirit of God. Because even these that came to the front to receive and respond to the things that have been taught and preached and your relationship to the Pastors. You'll carry the church into this next level of power and dominion. So think it not a light thing that you came forward tonight but begin to rejoice because I'm taking this church into another level saith the Spirit of God.

You're coming up to another level. Another level of freshness and there will be new people come; yep, you're going to see a lot of new people come. Some may not all make it, but many will, and many will come and commit and be planted here in the house of God.

“New Help”

I see new sons and daughters coming. I think it's Isaiah 43:5&6 from the North, the South, the East, and the West. Even sons and daughters from the ends of the Earth shall come, and when they do come, and you begin to speak, and Amber begins to speak, and Amber begins to sing, they'll say this is where I belong, these are my parents, these are my pastors, and they'll fit with you and cause the church to go up to another level. Not only numerically but financially, spiritually, and in the strength of the Spirit, you've come up tonight, and you'll see the manifestation of that in the next several years. Hallelujah!

There shall even come a new commitment in the ministry of helps after this meeting, and many will come, and new ones will come and say, I want to do this for you, and I want to do [that] in the church and to help do their part, and some may shift out and do something different than they've done, but it's coming. New help and new fresh help for you as the pastors to alleviate things off of you to make it lighter and easier because they're responding to their part in the body, and they're not only that, yes this is it, and they're finding their place in the body of Christ so that they're not weak or sickly and they do not die prematurely. So there must be somebody here now or those that are coming or a combination of both that have an opportunity to live a long life if you don't short-circuit it.

I pray that we've been able to help you some this morning because it's my heart to be a blessing to this church and to Dr. Cody and Pastor Amber. They're such fine people. You got a blessing in both of them.

Hallelujah, and there's a lot of other things coming in them that God has for them and through them to minister to you to help you. I know they do excellent already, but there's just a lot more I'm telling ya that I know by the Holy Ghost is coming.

“Supernatural Acceleration”

You have been faithful to run your race, to stand your ground, to occupy your God-appointed place. And though the path has not been easy saith the Lord, it certainly has had its challenges, but it will likewise yield great reward. For this church, this people, this body of believers was birthed and ordained by me, saith God, and not by the will of man, and that is why, though it has been greatly tried through the years, it has survived and now begun to thrive and will continue to stand. For you're now in a new season saith God, a new time, a new day, and things will begin to accelerate in a supernatural way. Doors will open, and opportunities will arise. For the days of old have been times of breaking up the fallow ground, plowing the fields, planting the seed of my Word therein, but now those fields shall yield abundant harvest and fruitfulness, and there shall be great increase. And your heart will be glad, and people will be blessed. So continue saith, the Lord, on the path as the plan unfolds before you. Every need will be supplied. Every favor necessary for the consummation and completion of my plan and purpose here will come into fruition and be granted. And the lost will be saved, and the broken will be restored, and the captives will be set free, and the Kingdom of God will be enhanced, and Jesus will be glorified.

“Quantum Leap”

Now there's been a level of the anointing on you for many many years, and you've come through some different stages, but this is different. This is a level of my Spirit you've not known heretofore, and it shall begin to operate in you; even this night, you'll begin to get the impartation, and it will begin to come forth immediately to take you to another level, the church is coming to another level out here. Hallelujah. Your pastors, this is me talking right now; your pastors need your prayers, beloved, for them because it's ready to take a quantum leap, this church, to take a quantum leap. A leap in people, a leap in finances, a leap in accomplishments, to complete this building in its fullness. So it's beginning tonight, and a new level of the gifts will flow through you both and through you, Dr. Cody, that you've not known heretofore. You've had some inklings of it here and there, but it's coming with a new intensity, so take that.

- 1. an abrupt change*
- 2. a sudden increase*
- 3. a dramatic advance*

## **“Press to the Finish” Dr. Chris Cody**

Triumphant in trial, abounding in blessing, maturing in pressure, refined by My fire. I will continue to prepare My people for My coming. The shaking shall continue. Evil men and wicked schemes will be exposed, and judgment will fall on those who have committed sins and have not repented of their ways, changing their thinking and their direction. The storms of wind and rain that mark these last days shall continue to blow, but those who have built, yeah, and continue to build their lives on the solid rock of My Word, who follow My ways, and obey My commandments, shall endure, and prosper, and yes thrive in 2021.

As for you and WHC...2021 will be a good year. Press to complete the assignment of the building, for there are things tied to the finishing. Things that won't happen until the assignment is complete. For just as the cloud of My glory did not manifest until Solomon had completed the work of the building, so shall there come greater things, greater manifestations of My spirit upon the completion of this assignment.

So press, press My people to finish, and show yourselves faithful to do the work, and I will bless you, I will prosper you, and I will reward you, and you shall be blessed saith the Lord.

But you had to learn some things. And the struggle was the learning. Yeah, but now you've got some groundwork laid so now everything's going—it'll flow. It'll flow. So when He tells you something, speaks to you about projects. Don't cycle them through the past. Don't process it, 'Oh it's going to be more of that'. No, it's not. No, it's not. For some are concerned about this day. In fact, you could say that many across the land are concerned about the days and times that you're living in today. And many don't know which way to go. Many are confused. Many are wondering what's going to happen. As you look upon the horizon of time and then you see these things that are coming upon the earth. You see these things that are happening in the nation. You see these things that are happening in the nations. And some would even get to the place of fear and wonder 'What shall we do?', but remember, the Lord told us that these things, and told you, that these things would come to pass. But He also said, "Fear not". All of these things are going to come to pass. All of these things, and instability is going to come to pass. But know this, that I'm going to be with you. I'm going to lead you. I'm going to guide you. And I'm going to direct you.

Remember, I brought my people up out of the land of Egypt, a place of bondage that they were in when it was said that it could not be done and there would be no way, but I made a way where there was no way. I parted the sea and took them across on dry land where the water had been. And then I marched them out into the wilderness where there was no water, no food, or anything else. And I supernaturally provided for my people for forty years, there in the wilderness. Well, if I provided for them, I'll provide for you. So don't get in fear and don't get in doom and gloom because God is

still on your side and He is still causing you to be the head and not the tail and above and not beneath.

And know this, says the Lord, the Devil is still under your feet and he is not going to dominate you. He is not going to control you in the name of Jesus. In fact, tonight, in the spirit, the ceiling is being lifted off your life. It's being lifted off this church.

Just as you would have a ceiling. Just like somebody would put some kind of an Ingredient in a jar and screw the lid down on it and say, "There's no way out". Well I, the Lord, am the one that can loosen the top of the lid. And so I'm raising it up tonight and you're going to see that you're coming out and that that ceiling that's been over you, that limitation that's been over you, is being lifted.

And you will see that the anointing will increase upon you individually and you will see that the anointing will increase upon you corporately. And you will see that as this anointing increases, it's the anointing that breaks the yoke. And those that hear and those that see, you will see that the Spirit of God will begin to lead them and guide them and direct them. And I'm going to bring them also into a place of liberty.

For there are those that I've called to walk with you that have not yet come, but it won't be long before they're going to start to run. They're going to say "I gotta get there". "I gotta get there". Because they're seeking my face. They're seeking my will. They're seeking my plan

And I will fill them with the Spirit and the anointing and the Holy Ghost and with power. And know this today, says the Lord, that I'm going to lead you in a special way, even out through the rest of this year. And you're going to see that there's going to be some changes that take place that will come by the Spirit and you'll begin to move in the direction that you hadn't been before. You'll begin to walk in an anointing that you have not walked in before because you have sought my face. But there's been a limitation. A limitation. And it seemed like you couldn't take that place, but that limitation is being removed now. It's been broken in the Name of Jesus Christ. And a great liberty shall come and a new race you're going to run because the anointing of God shall come in a supernatural way from this very day says the Lord.
